HOW WE LIVE, WHERE WE LIVE

Getting the goods

1 Clean: You no longer have to sacrifice style while scrubbing your tub. Twist's sponges raise the act of cleaning to an art form. Biodegradable, anti-bacterial, and dishwasher-safe, these sponges don't spurn functionality either. Not only are they handsome, but in the spirit of conservation, their packaging can be made into bird-feeders. Let's just call it cleaning with a, er, twist. \$4. Available at *Whole Foods Market*.
