2. TWIST cleaning products

A sponge is a sponge, right? Not so fast. The people behind TWIST took a good look at the things they were using to clean up their messes, and came up with something better. Their products are dye-free, biodegradable, made of great materials like hemp and bamboo, and have catchy names like the Dish Dumpling, Ravioli Scrubby, and Sponge Blossoms. The whole TWIST range is available at Whole Foods at 6550 E. Pacific Coast Highway. Prices vary.
